Catalogo cremagliere K
edizione 2016

DIALfer®

FESTOOL
Green Partner

Metodo impiegato per le prove di carico di tutte le mensole

Loading test method for shelf brackets

- Due cremagliere KC01 correttamente tassellate a muro ad una distanza di 600 mm.

Two uprights KC01 properly fastened on the wall at 600 mm distance

- Un piano da 800 mm. posizionato sui cavalieri doppi (KF12)

A 800 mm shelf, put on central saddle (KF12)

- Carico posizionato in asse sulla larghezza e sulla profondità del piano.

The weight is positioned at half-length and half-depth of the shelf

- Il peso indicato è la metà del carico utilizzato al momento in cui si sono verificate delle anomalie durante la prova

The figures shown on the table are the half of the value at the moment of first breakages during the test

Lungh.mm Length (mm) H	H eight (mm)	Numer o ganci Hooks Nr.	Portata acciaio Steel (kg)	Portata alluminio Aluminium (kg)
180 mm.	58	2	Kg. 80	kg. 50
230 mm.	61	2	Kg. 80	kg. 50
280 mm.	65	2	Kg. 80	kg. 50
330 mm.	95	3	Kg. 80	kg. 50
380 mm.	101	3	Kg. 80	kg. 50

Dimensione passo / spacing 37 mm

Linear K system

Profili a cremagliera ad aggancio rapido per schienali in legno

Aluminium uprights with raised front edge

Con pannelli di spessore max 19 mm

Wooden panel thickness 18-19 mm

Con vetro di spessore max 5-6 mm

Glass panel thickness 5-6 mm

KC11

Profilo cremagliera centrale

Rails for fitting-out panelling

Per rivestimenti attrezzabili con tutti gli accessori della gamma.

Per pannelli max 19 mm. con clip di aggancio KF01

Non è necessario bordare il pannello.

Completo di fori per il fissaggio Ø 5 mm.

Adattabile al profilo portavetro KC31.

Suitable for panelling with all the accessories of Kremens Upright available with Ø 5 mm holes.

Lunghezza/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AN

Confezione/Pack: 10 pz./pcs.

KC12

Profilo cremagliera centrale a foratura doppia

Central double aluminium upright

Per rivestimenti attrezzabili con tutti gli accessori della gamma.

Per pannelli max 19 mm. con clip di aggancio KF01

Non è necessario bordare il pannello.

Completo di fori per il fissaggio Ø 5 mm.

Adattabile al profilo portavetro KC31.

Suitable for panelling with all the accessories of Kremens Upright available with Ø 5 mm holes.

Lunghezza/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AN

Confezione/Pack: 10 pz./pcs.

KC13

Profilo cremagliera laterale

Lateral single aluminium upright

Per rivestimenti attrezzabili con tutti gli accessori della gamma.

Per pannelli max 19 mm. con clip di aggancio KF01

Non è necessario bordare il pannello.

Completo di fori per il fissaggio Ø 5 mm.

Adattabile al profilo portavetro KC31.

Suitable for panelling with all the accessories of Kremens Upright available with Ø 5 mm holes.

Lunghezza/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AN

Confezione/Pack: 10 pz./pcs.

KC31

Profilo portavetro a scatto

Aluminium profile for 4-5 mm. tks glass panelling
 Misura/Size: 3012 mm.
 Finitura/Finishing: AA - AN
 Confezione/Pack: 10 pz./pcs.
 Adattabile ai profili KC11, KC12, KC13, ecc.
 Per vetro da 4-5 mm, a scatto sul profilo.
 for 4-5 mm tks. glass panelling suitable for KC11,
 KC12, KC13, DLK6, DLK8

KC32

Profilo guarnizione per vetro 4-5 mm

Plastic profile for 4-5mm tks. glass panelling
 Misura/Size: 3 mt
 Finitura/Finishing: grigio/grey
 Confezione/Pack: 10 pz./pcs.

KC23.19

Profilo centrale con bordo 3 mm

Aluminium double profile with 3 mm edge
 In alluminio anodizzato
 Per pannelli da 19 mm
 For panelling with 19 mm wooden panels

Finitura/Finishing: AA
 Misure/Size: 3000 mm
 Confezione/Pack: 4 pz./pcs.

KC24.19

Profilo laterale con bordo 3 mm

Aluminium side profile with 3 mm edge
 In alluminio anodizzato
 Per pannelli da 19 mm
 For panelling with 19 mm wooden panels

Finitura/Finishing: AA
 Misure/Size: 3000 mm
 Confezione/Pack: 4 pz./pcs.

KF01

Clips

Fixing clip

In acciaio armonico, Per il fissaggio a scatto del pannello sulla cremagliera o sul profilo.
 Stainless steel clip for fastening the wooden panel on the upright

Forza: 12 kg. (KF01) Forza: 24 kg. (KF01.MP)

Solo per le cremagliere e profili:

Pull-out: 12 kg.

Suitable for aluminium profile type:

- KC01 • KC20 • KC24 • KC12
- KC02 • KC21 • KC07 • KC13
- KC03 • KC23 • KC11 • KC10

Confezione/Pack: 50 pz./pcs

In acciaio inox per le normative di sicurezza
 Stainless steel safety regulations.

KC01**Profilo cremagliera centrale**

Rails for fitting-out panelling

Per rivestimenti attrezzabili con tutti gli accessori della gamma.
Completo di fori per il fissaggio Ø 5 mm.

Suitable for panelling with all the accessories of Kremens Line

Upright available with Ø 5 mm holes,

Lunghezze/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AO* - AN*-GR

Confezione/Pack: 10 pz./pcs.

* sono disponibili solo per la

lunghezza 3012 / only for 3012 mm

KC02**Profilo cremagliera centrale a foratura doppia**

Central double aluminium upright

Per rivestimenti attrezzabili con tutti gli accessori della gamma.
Completo di fori per il fissaggio Ø 5 mm.

Suitable for panelling with all the accessories of Kremens Line

Upright available with Ø 5 mm holes

Lunghezze/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AO* - AN*-GR

Confezione/Pack: 10 pz./pcs.

* sono disponibili solo per la

lunghezza 3012 / only for 3012 mm

KC03**Profilo cremagliera laterale**

Lateral single aluminium upright

Per elementi terminali o angoli, per rivestimenti attrezzabili con tutti gli accessori della gamma.
Completo di fori per il fissaggio Ø 5 mm.

*Upright available with Ø 5 mm holes,
For terminal or angular elements*

Single slot, 37 mm spacing. Suitable for panelling with all the accessories of Kremens line

Lunghezze/Lenght: 2494-3012 mm.

Finitura/Finishing: AA - AO* - AN*-GR

Confezione/Pack: 10 pz./pcs.

* sono disponibili solo per la lunghezza 3012

* only for 3012 mm

* sono disponibili solo per la
lunghezza 3012 / only for 3012 mm

KC30**Profilo di copertura per cremagliera a scatto**

Covering aluminium profile for upright Misure

Permette di attrezzare una parete senza pannelli di rivestimento.

Per profili: KC01-KC02-KC03

Misura/Size: barre da 3012 mm

Finitura/Finishing: AA*

Confezione/Pack: 10 barre/bars

*A richiesta anche altre finiture / other finishes on request

*Suitable for aluminium profile type: KC01 - KC02 - KC03
Allows a smart finishing of the wall-structure without wooden panels*

KC20**Profilo doppio in alluminio con fori Ø 5**

Raw aluminium profile available with Ø 5 mm holes

Misure/Size: 3000 mm

Confezione/Pack: 10 pz./pcs.

KC21**Profilo singolo in alluminio con fori Ø 5**

Raw aluminium profile available with Ø 5 mm holes

Misure/Size: 3000 mm

Confezione/Pack: 10 pz./pcs.

TEXTURE PROFILE

Questo nuovo e rivoluzionario sistema di pareti a cremagliera permette l'inserimento di stampe in tessuto che grazie alla speciale fettuccia in silicone abbina un look leggero ed elegante con la praticità di poter cambiare la grafica con le sole mani.

Possibile la retroilluminazione per immagini di grande impatto, semplicemente inserendo nell'apposita sede lo strip-led (con tessuto PERL). In alternativa ai classici pannelli di rivestimento murale.

Il sistema intelligente di chiusura permette un rapido assemblaggio dei profili e un facile cambio delle stampe, riducendo i costi di spedizione e il rischio di danni in transito.

This revolutionary new system allows the insertion of printed fabrics by a special silicone tape. It combines a light and elegant look with the easy interchangeability of the graphics. Can be backlit for high-impact images by simply inserting the strip into its housing-led (with fabric PERL).

It's an alternative to the classic wall covering panels. The intelligent locking assembly allows quick assembling of profiles and easy change of prints, reducing shipping costs and risk of damage during transport.

KC33

Profilo per TEXTURE

Texture profile

Misure/Size: barre da 3012 mm

Finiture/Finishing: AA*

Confezione/Pack: 10 barre/bars

A richiesta anche altre finiture

other finishes on request*

Permette di attrezzare una parete rivestita con tessuti stampati anche retroilluminati, il profilo ha una sede anche per gli strip-led. Inseribile nei seguenti profili della serie KREMENTEX: KC01, KC02, KC03, KC07, KC10, KC11, KC12, KC13, KC20, KC21, KC24

This profile allows the coating of a wall by printed fabrics, also back-lit. The profile also has a casing for the strip-led. Insertable in the following KREMENTEX profiles: KC01, KC02, KC03, KC07, KC10, KC11, KC12, KC13, KC20, KC21, KC24

Passo per passo i procedimenti di posa: Fastening procedure

1° fase di posa / 1st step

Iniziare la posa del rivestimento, posizionando il profilo laterale (KC03), stabilire un punto di partenza. Verificare che il passo cremagliera di tutti i profili inizi in modo uguale nella parte bassa.

Questo solo se non sono state modificate le lunghezze standard 2494/3012 che iniziano e finiscono allo stesso modo con 15 mm. di pieno. Mettere in bolla e verificare il filo a piombo del muro, nel caso intervenire con un distanziatore durante il fissaggio del profilo.

Controllare che i tasselli effettuino una presa efficace.

Take a lateral profile (KC03) and put it on the wall at the fixed starting point. Check that the upright and the wall are perfectly vertical with a plumb line. If necessary use adjustable wall distance bolts and fasten the upright to the wall.

2° fase di posa / 2nd step

La seconda cremagliera (KC01 o KC02) viene posizionata direttamente sul primo pannello di rivestimento sul quale sono stati precedentemente montati dei clip di fissaggio.

In questo modo il pannello farà da guida al fissaggio del secondo profilo.

Take a wooden panel and fix 6 stainless steel clips (KF01).

Take the second upright (KC01 or KC02) and plug-in it directly to the clips on the back of the wooden panel.

Thus the panel works as a "guide" to fasten correctly the second upright to the wall. the wall.

3

3° fase di posa / 3rd step

Incastrando i clips KF01 sul primo profilo montato, il pannello farà da guida al fissaggio del secondo profilo. Rimane da regolare a questo punto solo il filo a piombo rispetto al muro.

Se i carichi sono molto pesanti è consigliato fissare delle viti anche sull'altra canalina in modo da aumentare la portata

Now plug-in the panel on the first upright - already fixed to the wall - using the clips on the free side.

Fasten the KC01 (or KC02) profile with wall bolts, using the holes of the visible part of the upright.

Take out the wooden panel a complete the the fixing at the wall on the other side of the double upright.

■ Esempi di posa e procedimenti di fissaggio del profilo cremagliera KC01

Application examples: fastening procedures for upright KC01

A= Giunto a scuretto / Half-visible joint

B= Giunto a scuretto con cremagliera invisibile / Invisible joint

C= Giunto a filo / Visible joint

KC04

Profilo cremagliera a "U"

"U" shape aluminium upright

Per applicazione su pannelli fresati o direttamente a muro.
Suitable for application on milled panels, or directly on the wall

Completo di fori per il fissaggio svasati Ø 3,5 mm.

The upright is available with Ø 3,5 mm holes.

Lunghezze/Lenght: 2013/3012 mm.

Finitura/Finishing: AA-AN*

Confezione/Pack: 10 pz./pcs.

* solo/only mm 3012

67.MS

Profilo cremagliera

Aluminium single upright

Misure/Size: 3012 mm.

Finiture/Finishing: AA

Confezione/Pack: 10 pz./pcs.

KC14

Cremagliera ad incasso

Rack built

Applicabile anche a muro per rivestimenti in cartongesso.

Also applicable to wall cladding plasterboard.

Misure/Size: 3012-2494 mm.

Finiture/Finishing: AA

Confezione/Pack: 10 pz./pcs.

E' possibile la fornitura con fori ø 5 per il fissaggio a muro. Passo a richiesta del cliente.
Can be provided with holes ø 5 for wall mounting.
Pitch on customer request

67.R

Profilo cremagliera con bordo 20 mm.

Aluminium single upright with 20 mm edge

Applicabile su pannelli fresati, completo di fori per il fissaggio.

Suitable for application on milled panels

Upright available with Ø 5 mm holes.

Misure/Size: 3012 mm.

Finiture/Finishing: AA

Confezione/Pack: 10 pz./pcs.

pannello

Questo profilo molto robusto impedisce l'oscillazione laterale degli accessori in quanto i fori a passo sono arretrati di 14 mm rispetto la parte frontale in vista. Questo li rende meno visibili.

La cremagliera va fissata direttamente sul pannello con la caratteristica di fare corpo unico. Il pannello andrà agganciato alla parete con apposite staffe.

This aluminium profile is very strong. It prevents lateral brackets' oscillations. The position of the slots is 14 mm from the front side of profile.

Thus the slots are not visible. The uprights have to be fastened directly on the wooden panel.

Profilo cremagliera unifilare

Aluminium single upright for back fastening

Fissaggio sul pannello

Fastening directly on the wooden panel

Misure/Length: 2086-3012 mm

Finiture/Finishing: AA

Confezione/Pack: 4 pz./pcs

KC05.S
Staffa di aggancio

Hanger for KC05

Misure/Thickness: spessore 3 mm

Finiture/Finishing: ZI

Confezione/Pack: 10 pz./pcs

Si fissa direttamente sul retro della cremagliera e va ad agganciarsi su barra appendi pensili
Special hook for fastening the back of the KC05 profile

KC05.T
Terminale

End metal cap for KC05

Copre l'estremità rotondella fresata nel pannello. In acciaio verniciato grigio alluminio

End metal cap to cover the end of the cut of the wooden panel

Finiture/Finishing: VA

Confezione/Pack: 10 pz./pcs.

Profilo cremagliera bifilare

Aluminium double upright for back fastening

Double slot, 37 mm spacing

Fastening directly on the wooden panel.

To hang the panel on the wall with the hook KC05.S

Misure/Length: 3012 mm

Finiture/Finishing: AA

Confezione/Pack: 4 pz./pcs.

KC06.T
Terminale

End metal cap for KC06

Copre l'estremità rotondella fresata nel pannello. In acciaio riverniciato grigio alluminio

End metal cap to cover the end of the cut of the wooden panel

Finiture/Finishing: VA

Confezione/Pack: 10 pz./pcs.

KREMENS-LIGHT

PROFILI ELETTRIFICATI PER PARETI ESPOSITIVE / Electrified profiles for display walls

I profili a cremagliera elettrificati Kremens-light per pareti espositive, portano l'elettificazione in bassa tensione su tutta la lunghezza dei profili, garantendo una perfetta connessione in ogni punto, priva di cavi e di prese di corrente.

Il sistema di illuminazione a LED consente un'adeguata illuminazione, riduce il consumo di energia, garantisce una lunga durata del prodotto nel tempo.

The electrified profiles rack Kremens-Light and DL-Light for display walls conduct 12VDC electricity along the whole profile length. This ensures a perfect connection at any point, without wires and plugs. The LED lighting system provides adequate illumination, reduces energy consumption and ensures a long product life time.

K LIGHT

Cremagliera elettrificata per bassa tensione

K-LIGHT Low voltage electrified rack

ARTICOLO	ELETTRIF.	L=MM.	FINITURA	CF.
KC10E.25AA	MAX 200W	2494	ALL.ANOD.	1
KC10E.30AA		3012	ALL.ANOD.	1
KC10.25AA	senza elettrificazione	2494	ALL.ANOD.	1
KC10.30AA		3012	ALL.ANOD.	1

*Per alimentatori vedi pag. 41
power supply see page 41*

K LIGHT

Cremagliera elettrificata incasso per bassa tensione. Con tappo semitondo

Low voltage electrified rack built. With half-round cap

ARTICOLO	ELETTRIF.	L=MM.	FINITURA	CF.
KC10EI.16AA	MAX 200W	1622	ALL.ANOD.	1
KC10EI.20AA		2029	ALL.ANOD.	1
KC10I.16AA	senza elettrificazione	1622	ALL.ANOD.	1
KC10I.20AA		2029	ALL.ANOD.	1

Le due cremagliere si differenziano solamente per il tappo semi-tondo per l'incasso nella fresata del pannello.

The two racks differ only in the half-round cap for the groove of the panel.

*Per alimentatori vedi pag. 41

KF14. TS

KF15L

KF14

Fermapannelli acrilico trasparente

Transparent acrylic fastener for panels

Adatti ai modelli: KC01, KC02, KC03

modelli/samples:

(TC) centrale/central fastener, (TD) destro/right fastener, (TS) sinistro/left fastener

Finiture/Finishing: trasparenti/transparent

Confezione/Pack: 50 pz./pcs.

KF15

Fermapannelli laterale

Acrylic transparent side fastener for panels

adatto ai modelli/fit models: KC11-KC12-KC13

Finiture/Finishing: acrilico trasparente/acrylic transparent

Confezione/Pack: 50 pz./pcs

KM53

Staffa reversibile per fissaggio regolabile

Reversible fixing folded lug

Finitura/Finishing: ZI

Misure/Size: L = 4-8-12-15 mm.

Confezione/Pack: 10 pz./pcs

KM53.00

Staffa reversibile dritta

Reversible fixing lug

Finitura/Finishing: ZI

Confezione/Pack: 10 pz./pcs

KM52

Coppia staffe regolabili, svasate

Fixing folded lugs

Finitura/Finishing: ZI

Misure/Size: L= 15 mm.

Confezione/Pack: 10 cp./pairs

KM52.00

Coppia staffe dritte, svasate

Pair of brackets straight, flared

Finitura/Finishing: ZI

Confezione/Pack: 10 cp./pairs

KM51S

Supporto 4MA

Holder with screw

Mediante un foro filettato 4 MA permette l'alloggiamento di vari morsetti

Glass holder with screw

With threaded hole 4 MA and screw

Misure/Size: K=11 K=15

Finitura/Finishing: ZI

Confezione/Pack: 10 pz./pcs.

KM51M

Supporto a morsetto per sp. 10 mm

Glass holder thickness 10 mm

Misure/Size: K=15

Finitura/Finishing: VA

Confezione/Pack: 10 pz./pcs.

KM30

Mensola inclinabile 0°-15°-30°-45°

Reclining shelf bracket (R /L) 0° - 15° - 30° - 45°

Misure/Size: 280 - 450 mm.

con 3 ganci/hooks

Finitura/Finishing: VA

Confezione/Pack: 5 cp./pairs

KM55**Mensola a scomparsa in tubo d. 16***Foldaway shelf bracket round tube d. 16*

Misure/Size: 16x180

Portata/Load: max 30 kg coppia/pairs

Con profondità/depth: max 350 mm

K=15

Finitura/Finishing: ZI

Confezione/Pack: 10 pz./pcs

KM54**Mensola a scomparsa***Foldaway shelf bracket*

Tondino Ø 12

Round tube Ø 12 mm

Misure/Size: 140 mm.

Portata/Load: max 20 kg. alla coppia/pairs

con profondità/depth max 200 mm

K=11

Finitura/Finishing: ZI

Confezione/Pack: 10 pz./pcs.

KB01A**Coppia supporto per barra porta broche***Pair of support brackets*

Per tubo ovale 30x15x1,5 (KT1)

Completo di cilindri di espansione

For hanging bar mm 30x15 (KT1)

Expansion-cylinders to fasten
the oval tube.

Misure/Size: 50 mm.

Finitura/Finishing: CL-CO-VA

Confezione/Pack: 10 cp./pairs

KB01C**Supporto per barra porta broche***Central support for hanging bar*

Con foro passante per tubo 30x15 (KT1)

With hole for oval tube 30x15 (KT1)

Finitura/Finishing: CL-CO-VA

Confezione/Pack: 10 pz./pcs.

KB01D**Supporto per barra porta broche per tubo ovale 30x15 (KT1)***Support for hanging bar mm 30x15 (KT1)*

Il tubo si blocca per mezzo di un grano
The oval tube can be fixed by a screw

Finitura/Finishing: CL-CO-VA

Confezione/Pack: 10 pz./pcs.

KT1**KT5****KT7****Tubo ovale 30x15***Oval tube mm 30x15*

Spessore 1,5 mm. / Thickness 15/10

Misure/Size: 1000-1200 mm.

Finitura/Finishing: CL-CO-VA-IS

Confezione/Pack: 10 pz./pcs.

KT5*Copritesta per tubo ovale 15x30 (KT1)**End cap for oval tube mm 30x15*

Finitura/Finishing: CL-CO-NS

Confezione/Pack: 20 pz./pcs

KT7*Copritesta con fermo per tubo ovale 15x30 (KT1)**End cap with standstill for oval tube mm 30x15*

Finitura/Finishing: CL-CO-NS

Confezione/Pack: 20 pz./pcs.

KB02**Broche tondino Ø 6***Rod arm Ø 6 mm*

Misure/Size: 100-150-200-250-300 mm.

Finitura/Finishing: CL-CO-VA

Confezione/Pack: 10 pz./pcs.

KB03**Broche Ø 10 con disco***Rod arm Ø 10 mm with disc*

Misure/Size: 380 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 10 pz./pcs.

KB04**Appenderia diritta con perno***Straight arm with pin*

Misure/Size: L=310-380 mm.

Finitura/Finishing: CL-VA-NS

Confezione/Pack: 10 pz./pcs.

KB05**Appenderia inclinata a perni***Sloping arm with pins*

Misure/Size: 380 mm.

Finitura/Finishing: CL-VA-NS

Confezione/Pack: 10 pz./pcs.

KB06**Appenderia inclinata a denti***Sloping arm with grooves*

Misure/Size: 300 mm.

Finitura/Finishing: CL-CO-VA

Confezione/Pack: 10 pz./pcs.

KB07**Appenderia a scala***Stepped front arm*

Misure/Size: 380 mm. , H. 150 mm

Finitura/Finishing: CL-NS

Confezione/Pack: 5 pz./pcs.

KB11**Appenderia inclinata 7 sfere***Curved arm Ø 6 with 7 balls*

Misure/Size: 250 mm.

Finitura/Finishing: CL-NS

Confezione/Pack: 25 pz./pcs.

KM07N**Coppia mensole portavetro 10 mm***10 mm th. glass shelf bracket (R/L)*

Misure/Size: L=280 mm

Finitura/Finishing: VA

Confezione/Pack: 10 cp./pairs

KM41**Appenderia frontale***Concave straight arm with standstill*

Tubo ovale/Oval tube 30x15

Con bullinatura anti-sbandieramento per
profili cremagliera KC11-KC12-KC13*With steady joint for uprights KC11-KC12-KC13*

Misure/Size: 300 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 5 pz./pcs.

KM16**Coppia mensole a sbalzo per vetro***Glass shelf bracket*

Per spessore vetro: 8-10 mm.

Glass thickness: 8-10 mm.

Misure/Size: 100 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 10 cp./pairs

KM17**Coppia mensole a sbalzo per vetro squadrata***Glass shelf bracket*

Per spessore vetro: 8-10 mm.

Glass thickness: 8-10 mm.

Misure/Size: 100 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 10 cp./pairs

KM13**Coppia mensole a sbalzo per vetro***Glass shelf bracket with O-ring*

Per spessore vetro: 8-10 mm.

Glass thickness: 8-10 mm.

Misure/Size: 100 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 10 cp./pairs

KM14**Mensola a sbalzo per vetro***Glass shelf bracket with O-ring*

Per spessore vetro: 8-10 mm.

Glass thickness: 8-10 mm.

Misure/Size: 100 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 10 pz./pcs.

KM40**Reggimensola frontale a " T "***T-shape glass shelf bracket with standstill*

Per spessore vetro: 8-10 mm.

Glass thickness: 8-10 mm.

Misure/Size: 300x300 mm.

Finitura/Finishing: CL-VA

Confezione/Pack: 1 pz./pcs

KMQ34**Supporto singolo per ripiano in legno***Single support for wooden shelf*

In tubo quadro 20
 supporta da solo un ripiano di
 larghezza massima 500 mm.
*Square tube 20, supports a 500 mm shelf
 maximum width*

Finitura/Finishing: CL-VA
 Confezione/pack: 10 pz./pcs

Attacco per KC01-KC03-KC05-KC11-KC13

KMQ40**Supporto singolo per ripiano in vetro***Single support for glass shelf*

In tubo quadro 20
 supporta da solo un ripiano di
 larghezza massima 500 mm.
 Per vetro sp. 8-10 mm.
*Square tube 20, supports a 500 mm shelf
 maximum width*

Finitura/Finishing: CL-VA
 Confezione/pack: 10 pz./pcs

Attacco per/suitable for:
 KC01-KC03-KC05-KC11-KC13

KMQ20**Appenderia a spalla rettangolare 30x10***rectangular adjustable hanging rail 30x10*

Fornita smontata e con tubo sezionabile.
Supplied un-assembled, with cuttable tube

Misure/Size: Prof./depht=330 mm.
 Tubo rett./rectangular tube= 1000-1200 mm.
 Finitura/Finishing: CL-CO-IS
 Confezione/Pack: 1 pz./pcs

KBQ10**Barra porta broche attacco laterale***Bar for rod arms*

Fornita smontata e con tubo sezionabile.
Supplied un-assembled, with cuttable tube

Misure/Size: Prof./depht= 50 mm.
 Tubo rett./rectangular tube= 1000-1200 mm.
 Finitura/Finishing: CL-CO-IS
 Confezione/Pack: 1 pz./pcs

KMQ20C

Appenderia a spalla centrale ad interasse regolabile

Adjustable central hanging rail

In tubo rettangolare/square tube 30x10
30x10 mm square tube
Bracci in tubo quadro 20
Fornita smontata e con tubo sezionabile.
Supplied un-assembled, with cuttable tube

Lunghezza/Lenght: 1000 int. 300-800
1200 int. 500-1000

Finitura/Finishing: CL-CO-IS

Confezione/Pack: 1 pz./pcs

KBQ10C

Barra porta broche ad interasse regolabile

Adjustable bar for rod arms

In tubo rettangolare/square tube 30x10
30x10 mm square tube
Fornita smontata e con tubo sezionabile.
Supplied un-assembled, with cuttable tube

Lunghezza/Lenght: 1000 int. 300-800
1200 int. 500-1000

Finitura/Finishing: CL-CO-IS

Confezione/Pack: 1 pz./pcs

KBQ02

Broche quadro 8 mm.

8 mm square arm

Misure/Size: 200 mm.
Finitura/Finishing: CL-CO-VA
Confezione/Pack: 10 pz./pcs

KBQ21

Broche tubo quadro 20 mm.

20 mm square tube arm

Misure/Size: 260-310
Finitura/Finishing: CL-CO-VA
Confezione/Pack: 10 pz./pcs

4510

Reggitubo terminale per tubo ovale 30x15

Side tube holder, for 30x15 mm oval tube

In zama
die-cast

Finitura/Finishing: CL-CO-NS
Confezione/Pack: 10 pz./pcs

4519

Reggitubo centrale aperto per tubo ovale 30x15

Central tube holder, for 30x15 mm oval tube

In zama
die-cast

Finitura/Finishing: CL-CO-NS
Confezione/Pack: 10 pz./pcs

4518

Reggitubo laterale chiuso tondo d. 25

Side tube holder, for Ø 25 mm round tube

In zama
die-cast

Finitura/Finishing: CL-CO-NS
Confezione/Pack: 10 pz./pcs

4517

Reggitubo centrale aperto tondo d. 25

Central tube holder, for Ø 25 mm round tube

In zama
die-cast

Finitura/Finishing: CL-CO-NS
Confezione/Pack: 10 pz./pcs
